### [Recipe-hunt](#)

It is a front-end web app to search and find recipe about different meals. Data is fetched from mealdb api using redux -toolkit. Technology used: Nextjs, tailwindcss, reduxtoolkit, themealdbapi.

## Professional Profile

A self-taught web developer with a passion for building beautiful and functional websites. Proficient in HTML, CSS, and JavaScript, with a strong foundation in responsive web design and user experience. Looking for an entry-level position at a forward-thinking company to continue learning and growing as a developer. Enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary.

## Technical Skills
